

PLEASE ATTEND THE MARCH 2nd PUBLIC HEARING ON NAHANTON PARK!

Friends of Newton Community Farm (NCF),

Newton Community Farm would like to invite you, our supporters, to the upcoming **public hearing** on **March 2, 2011** regarding the Nahanton Park Natural Resources Inventory and Management Plan Project. The Newton Parks & Recreation Department is sponsoring the hearing and Jeff Collins from Mass Audubon Extension Service will be there to present initial findings and answer questions. Details are as follows:

Date: Wednesday, March 2nd at 7:00 p.m.

Location: Newton Public Library, Druker Auditorium, 330 Homer Street, Newton, MA

Newton Community Farm submitted a proposal in April 2010 to partner with Newton Parks and Recreation to expand farming and related educational/recreational programming at Nahanton Park. The Newton Parks and Recreation Commission put the proposal on hold last spring pending the completion of a park inventory and management plan. This hearing will be the first public presentation of the work done to date. For more information on NCF's proposal, please go to the What's New section of the farm's web site.

We hope to see you on March 2!

Peter Barrer, President, NCF Board of Directors
Greg Maslowe, Farm Manager
