

2018 SEEDLING SALE PRE-ORDER FORM

About Our Seedlings

The varieties we sell are the same ones we use, and have tested, in our field.

We start with the best seeds we can get and plant them in an organically certified, compost-based potting soil from Vermont Compost Company.

We love our seedlings. You will too.

Pre-orders must be post-marked by Saturday, May 12th and are only available to Friends of the Farm. Not a friend? Join on this order form.

Minimum order is \$20

All of our seedlings are hardened off. Most are ready for planting in your garden upon pick-up.

PICK UP:

Saturday, May 19th or Sunday, May 20th between 11 am and 3 pm at the designated pickup table at the Seedling Sale.

Pricing and Selection

For our May Seedling Sale, we sell plants in a variety of ways; some plants in 6-packs, some in 4-packs, potatoes by the piece, and some herbs in individual 4" pots. This can make filling out the order form confusing.

To help you make sense of it all, we've divided the order form into sections corresponding to each of these different ways of selling plants:

- * Section 1 lists plants we grow in 6-packs
- * Section 2 lists plants we grow in 4-packs
- * Section 3 lists potatoes
- * Section 4 lists herbs we grow in individual 4" pots

At the top of each section, we've placed instructions on how to order plants in that section. Please read these directions carefully, as they're designed to help you complete your order correctly. At the end of the form, you'll take the sub-totals from each section and add them up to come up with your Grand Total.

INSTRUCTIONS FOR SECTION 1:

This section lists plants we grow in 6-packs. While they are grown in 6-packs you are ordering individual plants. You do not need to buy six of anything; you are free to mix and match any plants from within this section. The catch is that the pricing for these plants is \$5 per 6-pack.

At the bottom of this section you'll add up all the plants you've ordered and divide by 6 to determine the number of 6-packs. You are charged for all full or partial 6-packs, so you might as well fill them all up.

Section 1

Crop	Variety	Days to Maturity	Description	# of Plants
Beets	Touchstone Gold	55	Smooth golden roots with bright yellow flesh. Excellent, sweet flavor.	
	Chioggia	55	Candy striped Italian heirloom. Thinly slice on salads.	
	Zeppo	50	A highly refined beet at any size.	
Broccoli	Belstar	66	Heads are medium-green and well domed with a medium-sized bead.	
	Imperial	71	Most heat tolerant broccoli.	
Brussel Sprouts	Dagan	100	Dagan's sprouts are medium-large, smooth, and attractive.	
Cabbage, Napa	Minuet	48	Chinese cabbage with light, sweet flavor for salads.	
Calendula	Princess Mix	50/55	Excellent mix of colors. High percentage of double and semi-double flowers	
Centaurea	Florist Blue Boy	65/75	Classic cornflowers. Deep blue.	
Chard	Bright Lights	55	Rainbow chard!	
Cosmos	Sensation Mix	83	Single flowers, 3-4' across, in lavender, pink, magenta and white.	
Cutting Celery	Cutting Celery	80/85	Tastes like celery, but grows like parsley.	
Turnips	Hakurei	38	Sweet white salad turnip	
Kale	Red Russian	25/50	Smooth, tender green leaves	
	Toscana	30/65	Italian heirloom. Extra-dark green savoyed leaves. "dinosaur kale"	
	Winterbor	60	Excellent yield and better cold hardiness.	
Lettuce	New Red Fire	55	Heavy heads of red, frilly leaves. Heat tolerant.	
	Adriana	48	Heat tolerant butterhead.	
	Green Star	53	Medium-size heads with very good flavor.	
	Green Forest	56	Green romaine. Slow-bolting and disease resistant.	

Section 1, continued

Crop	Variety	Days to Maturity	Description	# of Plants
Marigold	Durango Outback	50	Extra-large blooms; colors ranging from yellow to dark orange/rust.	
	Queen Sophia	60	A favorite around the world. Attracts beneficial insects such as hoverflies.	
Mustard	Southern Giant	21/45	Mustardy hot taste mellows when cooked.	
Nasturium	Empress of India	55/65	Scarlet flowers with very dark green foliage. An old-fashioned favorite.	
Pac Choi	Joi Choi	50	Tall, broad, heavy plant with dark green leaves. Tolerant to heat and cold.	
	Mei Qing Choi	45	Flat, pale, misty-green stems with broad, oval, rich-green leaves.	
Scallions	Nabechan	60	Japanese variety with a sweeter, more complex flavor.	
Spinach	Corvair	39	Smooth-leaf spinach for spring	
Strawflower	Fireball	75/85	Profuse bloomers for fresh or dried arrangements.	
	Sultane Mix	75/85	Includes white, bright pink, silvery rose, salmon, yellow, orange, and copper-red colors for fresh-cut or dried flowers.	
Viola	Helen Mount	60/70	Tricolor flowers in purple, yellow, and white.	
Zinnia	Benary's Giant Mix	75/90	Vigorous. Hold up well in summer rain and heat. Densely petaled blooms.	
Section 1 Sub-Total			Add up all the plants from Section 1 and divide by 6. This is the total number of 6-packs you are ordering (remember that you are ordering (remember that you always round up.	
			Multiply the number of 6-packs from the previous line by \$5. This is your Sub-Total for Section 1.

2018 Spring Seedling Sale Preorder Form

Name (please print on every page of this form): _____

INSTRUCTIONS FOR SECTION 3:

This section lists potatoes. You are ordering whole potatoes. Each potato can be cut up into pieces for planting. You want 1-2 "eyes" on each piece, so the number of pieces a potato can be cut up into varies.

Section 3

Crop	Variety	Days to Maturity	Description	# of Plants
Potato	Adirondack Red	Early Mid-Season	Deep red skin with pink to red flesh.	
	Kennebec	Mid-Season	Buff skin, white flesh.	
	Red Gold	Early	Red skin, white flesh.	
Section 3 Sub-Total			Add up the number of potatoes you've ordered and multiply by \$1. This is your Sub-Total for Section 3.	

INSTRUCTIONS FOR SECTION 4:

This section lists herbs that we grow in individual 4" pots. With the exception of parslep and rosemary, all of these herbs are perennial in Massachusetts. These plants are sold individually.

Section 4

Crop	Variety	Days to Maturity	Description	# of Plants
Fennel	Orazio	80	Large, thick, rounded bulbs.	
Basil	Genovese	68	Extremely tender, fragrant, leaves and is superb for pesto.	
Cilantro	Santo	50/55	Standard cilantro. Santo is a slow-bolting selection grown for its leaves.	
Dill	Superdukat	53	Pungent seeds are a must for your pickling brine.	
Section 4 Sub-Total			Add up the number of herbs you are ordering from this section and multiply by \$5. This is your Sub-Total for Section 4.
